

# REVISED NOTICE OF PUBLIC OPEN HOUSE

## Gosfield Comber Wind Energy Project

Brookfield Power has scheduled a Public Open House regarding the Gosfield Comber Wind Energy Project for Wednesday, September 12, 2007. We have recently learned that this event will be held on the same date as the County of Essex Open House for its "*Windpower and Renewable Energy Planning Study*".

Recognizing that many stakeholders may wish to participate in both events, Brookfield Power has decided to extend the hours of the Gosfield Comber Wind Energy Project Open House. The revised Open House schedule will be:

**When:** Wednesday, September 12, 2007

**Time:** 6:00 to 10:00 p.m.

**Where:** Comber Community Centre,  
7100 Community Center St., Comber, ON

The Public Open House will provide an opportunity for stakeholders to review the project concept, environmental screening process, the preliminary turbine layout and general planning constraints, as well as to provide comments to the project team. Stakeholder participation is an important part of the environmental screening process. In order to ensure that the appropriate environmental protection measures are incorporated into the project design, your input and questions are encouraged. To provide the study team with your comments, or for further information, please visit us at [www.gosfieldcomberwind.com](http://www.gosfieldcomberwind.com) or call Stantec (Brookfield Power's environmental consultant) collect at (519) 836-6050. Written comments can also be sent to:

**Michael Candido**

Project Manager  
Stantec Consulting Ltd.  
361 Southgate Drive  
Guelph, Ontario
